

Poitiers, September 17<sup>th</sup> 2025

### **Erasmus + Teaching staff Call for applications**

The University of Poitiers Faculty of Law offers a Bachelor's programme specialized in Law and Languages. This programme aims to train lawyers with excellent knowledge of foreign languages (English as a compulsory language and optionally Spanish, Italian, German, Portuguese) as well as linguists with excellent knowledge of Law. Students must take the fundamental courses in the law degree, as well as courses in the Languages degree, in accordance with the languages chosen.

We would be delighted to welcome colleagues from partner universities proposing lectures concerning European legal orders but also subjects relating to European, International and Comparative law. These lectures can take place in English, as well as in Spanish, German and Italian (in the case of these last three languages, it would be necessary to provide a power point presentation in French or in English so that all the students can follow). We are currently seeking to schedule lectures during the second semester of the 2025-2026 academic year (from January 26<sup>th</sup> to April 3<sup>rd</sup> 2026) and during the 2026-2027 academic year.

Financial support can be solicited from the home institution in the framework of the Erasmus + programme. All proposals (contact email + CV) can be sent to the following email address: [ri.droit@univ-poitiers.fr](mailto:ri.droit@univ-poitiers.fr).

We look forward to welcoming you in Poitiers!
